How can we help?

Jyl - Due to meetings being at times she was unavailable to attend – she wished she had a list of times her clubs met BEFORE she ran for Area Gov so she could have made arrangements and thought it out to be better prepared. Clubs in her area are doing well.

John Royce – has met with all but his Kashim club. All clubs are doing well. He echoed Jyl's comments and suggested development of a council hand out for new area gov. Time/place/President and contact number/email for each Club. Insight from the past area gov' is invaluable to incoming.

Gerald – clubs doing well. Has not had any needs yet

Joyce - Juneau/ Southeast doing great. Likes getting the email, reminding of the monthly officer Conference call meetings. Also, likes the calls she gets. Joyce Skypes into some of her clubs meetings. Will continue to try to attend the Ketchikan meeting once a month.

Dawn – Recommended putting together an open forum meeting soon after elections instead of waiting until July. This would allow the new Area Gov's to meet the outgoing and collect club data.

Alison, reminded those Area Gov's present they are all welcome to join the monthly telephone conference calls.
